Sales Tax Rate Change Summary

To: All retailers and servicepersons conducting business in taxing jurisdictions whose sales tax rate is changing effective January 1, 2012

This bulletin supersedes Informational Bulletin FY 2012-03.

On Page 2, Melrose Park has been added to the list.

This bulletin is written to inform you of recent changes; it does not replace statutes, rules and regulations, or court decisions.

Effective **January 1, 2012**, certain taxing jurisdictions have imposed a local sales tax or changed their local sales tax rate on general merchandise sales.

The following taxes are affected:

- home rule sales tax
- non-home rule sales tax
- business district sales tax
- county home rule tax
- county school facility tax

These local sales taxes are referred to in this bulletin as “locally imposed sales tax.”

You must adjust your cash register and any computer program so that beginning on January 1, 2012, you will collect and pay the correct sales tax. You need to contact your software vendor if you use software to create your forms.

To verify your new combined sales tax rate (*i.e.*, state and local sales taxes), go to the **Tax Rate Finder** on our website at tax.illinois.gov and select rates for January 2012.

What is taxed?

The same items of general merchandise reported on Line 4a of Forms ST-1 and ST-2 that are subject to state sales tax are also subject to the locally imposed sales tax.

Locally imposed sales tax does **not** apply to

- sales of qualifying food, drugs, and medical appliances¹ that are reported on Line 5a of Forms ST-1 and ST-2; or,
- items that must be titled or registered by an agency of Illinois state government and reported on Form ST-556, Sales Tax Transaction Return

Note: Some jurisdictions may impose and administer taxes **not** collected by the Illinois Department of Revenue. Contact your municipal or county clerk's office for more information.

How do I report an earlier sale that was subject to a different tax rate?

If a sale was subject to a sales tax rate different from the current sales tax rate, report this sale on Line 8a.²

Note: Line 8a is used only to report sales subject to a different sales tax rate. No other use of Line 8a is permitted.
