INFORMATIONAL BULLETIN FY86-55

TO: Filers of Sales Tax Form RR-2 (Multiple Business Locations)

SUBJECT: Revised Form RR-2

Recently you received Informational Bulletin FY86-53, which described both the new local taxes which become effective July 1, 1986 and the sales tax return (RR-1-A) which has been revised to accommodate them. As you might suspect, we have also had to revise Form RR-2 (Multiple Location Schedule) to include the new taxes. Please see the enclosed copy for a sample of the new RR-2. You will receive blank copies of the new schedule in your regular quarterly mailing of sales tax returns. Please remember that if you produce your own facsimile RR-2, it must correspond in all details to the enclosed sample.

If you have any questions or need more information concerning the RR-2, please call or write. Our address and telephone numbers are at the top of this bulletin.
